

## Sage Basin Avalanche

Taylor Fork  
Southern Madison  
2/27/2021  
Code  
SS-NC-R3-D2-O  
Elevation  
9250  
Aspect  
NE  
Latitude  
45.06070  
Longitude  
-111.27200  
Notes

This avalanche failed on a heavily wind-loaded slope in Sage Basin along the ridgeline. It may have initiated as a [cornice](#) fall or a wind-[slab](#), but it broke down to deeply buried facets. Even though it was a small slope, the [slide](#) had enough power to knock down a tree and piled debris deeply at the bottom of the slope.

Number of slides  
1  
Number caught  
0  
Number buried  
0  
Avalanche Type  
Soft slab avalanche  
Trigger  
Cornice fall
