

Northern Bridger (Ainger basin)

Date

Sat, 02/05/2022 - 13:00

Activity

Skiing

We were planning on skiing ainger basin area. Snow seemed safe while we were skinning, but we dug 3 pits because the wind was so strong. got semi-unstable results each time, ect 12 to 18 with clean propagation around 4 to 9 inches down, depending on the slope.

anyway , just submitting because I was surprised.

Region

Bridger Range

Location (from list)

Northern Bridgers
