Date

Thu, 02/15/2024 - 10:40

Sun came out for for a bit around 2pm when I was on top of Henderson Mountain. Got a good look at East facing Miller, South Face of Crown Butte, west side of Sheep Mountain and did not see any recent avalanche activity. 10-12" new snow in town and on the mountain as of 2pm today.

Region

Cooke City

Observer Name

Ben Zavora
